

STONYHURST

Student & Staff Technology Programme

BACKGROUND

At Stonyhurst, we would like to take advantage of the opportunities afforded by new technology but to do so in a way that does not prioritise the technology itself over teaching and learning. Until recently, most mobile devices were designed primarily as devices for Internet browsing and entertainment, rather than for productivity. Now technology is an integral part of teaching and learning.

OUR MOBILE TECHNOLOGY PROGRAMME

We are therefore pleased to be able to give students, staff and parents at Stonyhurst the ability to access affordable technology through the Mobile Technology Programme. Working with our strategic partners we are able to achieve significant savings vs. the comparable high street cost which can be passed directly onto students and staff. In addition to using it for schoolwork, students are able to use the device in whatever way they wish.

WHICH DEVICES ARE AVAILABLE?

We have negotiated discounted prices on a wide range of mobile technology including Apple, Microsoft and HP. Parents of students, and staff can place an order via the secure online order portal for the devices available. Although we have a range of products and operating systems available, Stonyhurst generally recommends Windows devices for student's studies, these devices when purchased through the portal will come pre-loaded with Microsoft Office.

WHAT IS INCLUDED?

Each tablet device comes with a rugged case for added protection and security. Every device has the option of an extended Accidental Damage and Theft Insurance Policy.

If you feel that your household insurance covers the product adequately when ordering you can choose to remove the ADT insurance from your bundle.

The insurance via the portal is extremely comprehensive and with £0 excess is also significantly cheaper than most other high street offerings available. A copy of the policy can be downloaded from the order portal for review.

HOW DO I PLACE MY ORDER?

You can place your order using the details below:

www.techvertime.co.uk

Username: SC1718
Password: Welcome01

WHAT ARE THE PAYMENT OPTIONS?

Via the portal you have the option to pay in full or spread the cost over time through a credit agreement.

Please be aware if opting to pay monthly via TechOverTime this is via a credit agreement with you as an individual and subject to a personal credit check.

HOW SOON CAN I EXPECT DELIVERY?

As soon as your full payment has been received (or your initial deposit if paying monthly) your order will be processed by Freedom Tech and delivery will be made to school within 10 days.

WHERE WILL DELIVERY BE MADE TO?

Delivery will be directly to the School from where you/your daughter will need to collect.

WHEN DOES THE PORTAL OPEN?

[THE PORTAL OPENS ON 2nd February 2018](#)

Savings up to £279.89 vs High Street RRP *
